ENGLISH CLASSES

Our academic programme provides the perfect learning adventure through dynamic, interactive, informative and culturally integrated lessons. Our syllabus is specially designed to target communicative competencies by building confidence and motivation and maximising the benefits of the international environment. Our aim is simple: to encourage students to use the language rather than just learn about it. Our teachers are specially trained to encourage students to use language in realistic, cultural and fun situations. Linking our activities and excursions to our classroom learning enables students to put what they have learnt straight into practice and communicate meaningfully with others from a range of nationalities. Classroom language and everyday English will help students really make the most out of their stay.
